ameters of 10 microns or less and 2.5 microns or less, hydrogen fluoride, lead, and hazardous air pollutants.

This application was submitted to the TCEQ on November 16, 2016. The application will be available for viewing and copying at the TCEQ central office, TCEQ Dallas/Fort Worth regional office, and the Weatherford Public Library, 1014 Charles Street, Weatherford, Parker County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Dallas/Fort Worth regional office of the TCEQ.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING** You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15! day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act §1382.056(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission may only grant a hearing on those issues submitted during the public comment period and not withdrawn.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: amendments, permits by rule, and changes in emission factors. An amendment application that is not subject to public notice or an opportunity for a contested case hearing is also being reviewed. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1 800 687 4040. The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.

**PUBLIC COMMENT**  
 You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is
